Pupils, parents, carers, teachers and employers can access information on careers programme on our website where they are able to view the document linked above. Students will also have all resources posted on their form google classroom and also have access to all activities through their unifrog log in.

### **HOW WE ASSESS AND MEASURE THE PROGRAMMES IMPACT ON THE STUDENTS**

It is vital that we regularly review the impact that the Careers Programme has on students and we will use this information to improve our delivery across all year groups, to all ability levels and to the sub-groupings within these.

To achieve this, our intention is to complete a combination of the following reviews, to publish the findings and use them to progress our delivery of the school's Careers Programme. We use the following methods:

- Student panels
- Compass self-evaluation
- Feedback survey (teaching staff, parents/carers)

## **OPPORTUNITIES FOR ACCESS**

The school offers a comprehensive Careers Education, Information, Advice and Guidance (CEIAG) programme. A number of events, integrated into this provision will offer providers an opportunity to come into school to speak to students and/or their parents/carers. Please speak to our Career Lead to identify the most suitable opportunity for you. The school's policy on safeguarding sets out the school's approach to allowing providers into the school as visitors to talk to our students. The provider access legislation policy document can be found on the website and also [HERE](#)
